

2010 CODP

# BOUDOIR PHOTOGRAPHY

## WORKSHOP

R1750.00

Boudoir photography can be defined as images taken in a bedroom-like setting and mostly of women partly clothed, dressed in beautiful lingerie, night gowns, stockings & suspenders etc. Boudoir photography is a subtle play on teasing, sensuality and the beauty of women.

This Boudoir Photography Workshop is a full day practical and interactive workshop that will equip you with knowledge, tips and information to delve into this increasingly popular genre of photography. The workshop will include learning about the history of boudoir photography as well as the modern day variations, how to interact and work with your client, what preparation, props, as well as the equipment you may need for a shoot.

Find out what lighting will flatter your client, whether you are indoors, at an outside location or in a studio. Typical poses that will not fail to impress will be dealt with in detail. Our tips on editing and packaging will ensure your client's experience is enjoyable and empowering right to the end. Watch how our model transforms during a short talk and demonstration of professional make-up artistry.

### WHEN?

Saturday 23rd October 2010 from 09h30 - 16h30

### WHERE?

Saxonwold Campus - 91 Oxford Road, Saxonwold, Johannesburg
