

# 2010 SAXONWOLD WEDDING

R3750.00

## Photography

If you are looking to become a wedding photographer, or if you've been asked by friends and family to photograph their wedding, then this course is for you.

Wedding photography is one of the most stressful and technically difficult jobs in photography and should never be taken lightly. This course is designed to help you prepare for and make sure that you capture all the amazing photographs that you'll need to put together a great wedding album. You will also learn about the different equipment needed, as well as what the latest trends are in wedding photography. Lesson 4 guides you through the business aspect of how to market yourself, as well as how to present and sell your final product.

This course is presented on one evening a week over 4 consecutive weeks. Lesson 3 is a daytime practical demonstration on the Sunday after Lesson 2, that will help you understand how to properly use natural light and flash, as well as master the art of posing.

### LESSON 1

What shapes your wedding photography?  
Planning and preparing for the wedding  
The wedding day as it unfolds

### LESSON 2

Lens and equipment choices  
Lighting considerations  
Understanding and using flash
